High Quality, High Technology & Humanism

Greetings

ISO 9001 () EL · TFT LCD Photo Mask, PDP () 가

Combination of long experience & technological power with young hot shots. It will be a touching scene.

The quality of the products of Dain Co., Ltd. was internationally recognized when it acquired international quality standards ISO 9001 certification. The company has manufactured and supplied photo masks for super-precision small organic EL · TFT LCD, cases for keeping and transporting large and large-area PDP glass, and super-precision machineries.

Dain Co., Ltd. makes every effort to provide its customers with more touching impressions by means of matching its accumulated experiences and technological power to young talented people. It also does its best to permanently maintain the patronage of its customers.

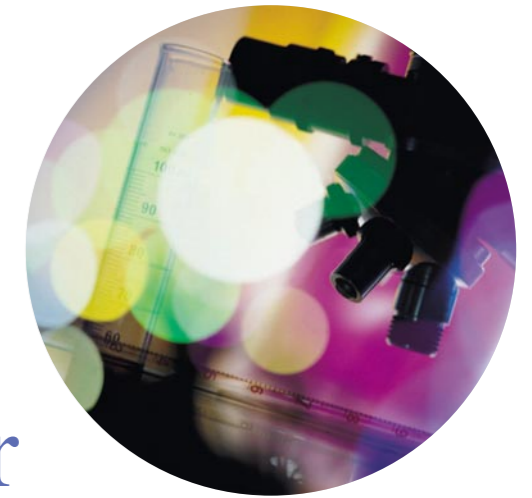

ISO 9001

ISO 9001 (International Organization for Standardization) 가
() 2005 7 3 ISO 9001

ISO 9001 Certification

ISO 9001 refers to standards developed and provided by International Organization for Standardization. This international quality certification system is intended to have a third party certification organization objectively evaluate if the basic requirements of a products and/or services supplier for its customers have been met, so as to provide confidence to both purchasers and suppliers. The level of the products of Dain Co., Ltd. has been internationally recognized since July 2005 when it acquired international quality standards ISO 9001 certification.
